CHRONO PRO SUMMER GLOVE

High breathability is due to the use of a special light mesh whose structure allows a good passage of air.

Designed with a breathable fabric and aerodynamics, it improves breathability and ensures quick drying. The fabric is completely customizable.

Thanks to the fabric used, it provides excellent grip and excellent control in all conditions.

The highly anatomical structure allows for better balance of hand-handlebar and hand-gearshift.

A special solution to wear the glove without any problem.
